Digital Audio Player/recorder/Camera/FM Tuner
Model iFP-1000 Series

Thank you for your purchase. Please read this manual carefully before using your new player.

## **FFC Certification**

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

- (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND
- (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE, RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.

#### Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## NOTE:

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

## Multi-Codec Player

Supports MP3, WMA, OGG and ASF formats.

## Firmware Upgrade

Provides the latest updated features via firmware upgrade.

- 260,000 color graphic LTPS LCD supporting Multiple Languages(40 languages) iFP-1000 Series comes with 260,000 color graphic LTPS(Low Temperature Poly Silicon) LCD which can support multiple languages.
- Digital Camera

Built in camera and Color LCD screen.

#### FM Function

You can easily listen to FM stations and set your favorite stations by using Auto Preset and Frequency Memory functions.

- 6 Preset EQ: Normal, Rock, Jazz, Classic, U Bass, Metal
- Xtreme EQ and Xtreme 3D

Customize your own EQ with Xtreme EQ and enhance bass and surround sound with Xtreme 3D.

- GUI (Graphic User Interface) Menu System
- Easy Navigation

The simple navigation makes it easy to find any song.

- Supports 8 levels of subfolders, 500 folders total and up to 1500 files at one time.
- Create your own playlists.
- Record FM Radio, or Voice

Voice record level is automatically controlled by AGC function.

- Convenient neck strap.
- Built-in Rechargeable battery that charges directly from the USB port.

Getting started

# **About power supply**

# Charging by using USB cable

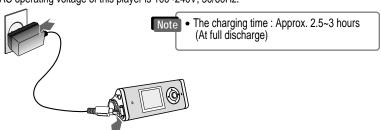

Connect the USB cable to the player and the PC. The iFP battery will begin charging.

\* If the battery is worn out, "Low Battery" is displayed on the LCD.

# Charging by using AC adapter

Connect the AC Power Adapter supplied with the player to the USB connector of the player. The AC operating voltage of this player is 100~240V, 50/60Hz.

# **About power supply**

## Battery detach/attach

• To detach: Press the tab to release the battery and slide it out of the player.

• To attach: Slide the battery onto the player until it locks into place.

## Note

- Charge and store the battery at room temperature.
   It may not charge properly in hot or cold temperature environments.
- Do to attempt to disassemble the battery. Do not expose the battery to open flame. These activities could cause the battery to explode resulting in serious injury.
- Do not contact the connectors of the battery to metal objects, or an electrical short may occur.

This section covers the installation for Windows operating systems only. For installation instructions for Mac OS, please see the Software Instruction Manual.

## PC software installation

## Software installation

. Insert the Installation CD into the CD-ROM drive. The following screen appears after inserting the CD.

 If the installation doesn't automatically begin, execute the "setup.exe" file in the installation

The installation program will begin.

- The installation CD contains the following contents:
- Device Driver
- iRiver Music Manager
- Manager Program for Mac
- The player can store MP3 files or files of any type. You can upload files, other than music (MP3, WMA, OGG, ASF), to the PC using the iRiver Music Manager Program.
- Download latest versions of drivers and iRiver Music Manager at www.iRiver.com
- Please be sure your login has Administrator privileges if using Windows 2000 or Windows XP.

# System Requirements (Windows) • Pentium 133MHz or faster

- USB port
- Window 98SE / ME / 2000 / XP
- CD-ROM drive
- 10MB free hard disk space

## Software installation

Please note that the installation screens may differ slightly from those appearing here, as software may be of a more recent version. If your screens differ, please visit www.iRiverAmerica.com/software for an updated user guide

Insert the Installation CD into the CD-ROM drive. Installation start automatically.

Click "Next" after selecting the language to

Click "Next" to Install iRiver Music Manager.

Select the folder to Install, Click "Next".

PC software installaion

3-1

PC software installaion

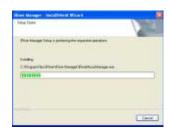

**5** Click "Next" after confirming the installation folder.

6 Click "Install" to begin the installation.

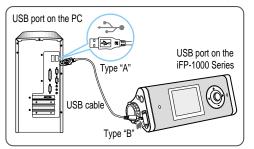

Installation is in progressing. Click "Finish" after the installation is completed.

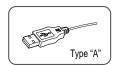

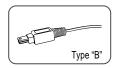

## Connecting to the PC

Connect the USB cable (provided) to the USB port of your computer.

Turn on the player by pressing the button marked STEREO. Lift the protective cover over the USB port and connect the USB cable to the player.

**3** "USB CONNECTED" will appear on the LCD screen of the player.

Note • Connect the USB cable to the PC after playback stops to avoid errors.

3-3

PC software installaion

# Attach the player

## Installation of "New Hardware"

1 After installing iRiver Music Manager from the CD and connecting the player to your PC, "Found New Hardware" screen is displayed.

3 Select "Install the software automatically (Recommended)" and click "Next".

**2** The computer will automatically search to find your new hardware.

If a "Hardware Installation" warning message appears, click "Continue Anyway". (Windows XP)

The iRiver software driver will not cause any damage to your computer.

# Note

- Windows 98SE, Windows ME, Windows 2000 O.S do not need any other device driver installation.
- Install New Hardware after installing iRiver Music Manager program.

## Installation of "New Hardware"

The installation will continue.

6 Click "Finish" Completed the installation of "New hardware".

Information screen is displayed on the PC. New hardware is installed successfully and ready to use.

3-5

To move the cursor in the name

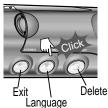

• To scroll between English and your preferred language, use MEMÓRY/EQ button

• Chinese and Chinese characters are not supported in the Name feature.

## **Menu-Sound**

## Sound

## Xtreme EQ

You can adjust the sound to your preference. There are 5 band frequency steps, set from -15dB to +15dB by 3dB step.

## How to set Xtreme EQ

- 1. Select the Frequency step to set using the |◀◀ or ▶▶| switch.
- 2. Adjust the level using the VOL + or VOL switch.
- 3. To exit Xtreme EQ setting

You can adjust the level of 3D sound(minimum, Natural, and Maximum).

You can extend 3D sound by selecting Bass Boost or 3D EQ.
You can also adjust the level of 3D sound with the | ◄◄ or ▶► lever.
Select DBE or 3D EQ with the Navi/Menu button.

# DBE Setting

You can select the Bass Center Band level from Band 1 to 4. You can also set the Bass Boost gain from 0 dB to 15dB by 3dB step.

**DBE (Dynamic Bass Enhancement)** enhances Low & Middle frequencies and only operates when using Xtreme 3D.

# 3D EQ Setting

You can adjust the sound to your preference.

There are 5 band frequency steps, set from -15dB to +15dB by 3dB step.

## **Menu-Sound**

Balance your sound to the right or left or keep it in the center according to your preference. When Sound Balance bar is moved to L (Left, 20),the sound outputs at the left earphone. When the lever is moved to R (Right, 20) the sound outputs at the right earphone. The default value is 0 and the sound outputs the same level at both earphones.

## **EQ Limit**

ON: Limit the control of equalizer frequency to prevent distortion of sound.

OFF: You can enjoy the original sound though distortion of sound may occur.

## EQ Select

You can select various EQ modes.

Press NAVI/MENU button after selecting EQ by pushing to the derection |

Note

- You can not select NORMAL EQ.
- If you do not select Xtrm EQ or Xtrm 3D, Xtrm EQ or Xtrm 3D modes will not be available during playback.

Set beep volume level. Set to "0" for OFF.

Pade in

When activated, volume increases gradually at playback mode to prevent the sudden loudness.

Specifications—	6-4

Should any problem persist after you have checked these symptoms, consult your iRiver dealer or contact support at www.iRiver.com.

No Power	Check whether the HOLD switch on the player is ON (Switch to OFF position) Check the condition of the battery. Insert a fresh battery.
No sound or distortion during playback.	Check whether VOLUME is set to "0". Connect the earphones plug firmly. Check whether the plug is dirty. Clean the plug with a dry and soft cloth. Corrupted MP3 or WMA files may make a static noise and the sound may cut off. Listen to your files on the PC to see if they are corrupted.
Characters in LCD are corrupted.	Check out Menu ▷General ▷ Language and confirm whether the right language has been selected.(Refer to page 5-15)
Poor FM Reception.	<ul> <li>Adjust the position of the player and earphones.</li> <li>Turn off the power of other electric devices near the player.</li> <li>The Earphone cord functions as the antenna, they must be plugged in for best reception.</li> </ul>
Failed download of MP3 file	Check the condition of the battery. Check the connection between your computer and the player to ensure that the cable is secure. Check the Manager program to make sure it is operating. Check whether the player's memory is full.

# Safety

Avoid dropping or impacting the player.

The player is designed to operate while walking or running, but dropping or excessively impacting the player maybe cause damage.

Avoid contacting the player with water.

Damage to the internal parts of the player may occur if the player comes into contact with water. If your player gets wet, dry the outside with a soft cloth as soon as possible.

- Do not leave the player in a location near heat sources, or in a place subject to direct sunlight, excessive dust or sand, moisture, rain, Mechanical shock, unleveled surface, or in a car with its windows closed.
- Remove the battery if player is unused for long periods of time.
   Battery left in the player for a long time can corrode and damage the device.
- All data stored on this device may be erased by a excessive impact, a thunder or an
  electricity failure, etc. on the device.
   The manufacturer does not warrant and will not be held responsible in any way for damages or loss
  of data, including loss of data stored on this device, resulting from a excessive impact, a thunder or

an electricity failure, You will be responsible for safe-guarding all data stored on this device.

## On headphones andearphones

Road Safety

Do not use headphones/earphones while driving, cycling, or operating any motorized vehicle. It may create a traffic hazard and is illegal in some areas. It can also be potentially dangerous to play your headsets at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.

Preventing hearing damage

Avoid using headphones/earphone

Avoid using headphones/earphones at high volume. Hearing experts advise against continuously loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.

Consideration for others
 Keep the volume at a moderate level. This will allow you to hear outside sound and to be considerate of the people around you.
